TOUR BOOMERS AT PORTLAND.
"Set America First League" Holds Meeting.
Portland, Ore., Feb. 15.—(Exclusive Dispatch.) Mono county, whose eastern border is the western border of Nevada, seeks to gain admission into the State of Nevada. Agitation has already begun in that county, as well as the adjoining counties of Inyo and Alpine, and the Bodie Miner is spokesman of the movement.
The reason assigned for the desired secession is that these counties are naturally all, in interests and history, a part of Nevada. It is impossible even to visit the capital of California from the county without going through a portion of Nevada. A petition is now in circulation in Mono county and will be forwarded to Sacramento, when signed up, asking for the change to be made.
Nevada is willing. These counties are all on the eastern slope of the Sierras, and Gov. Sparks stated today that "geographically, they belonged to Nevada."
condition that he put into Cape Town, where he lay for a month, making repairs.
The Bardowie left Cape Town in July and was making good time around the southern coast of Australia when a gale sprang up and further delayed the ship.
WESTON AND BROOKE SAIL.
GENERALS LEAVE ON TRANSPORT FOR PHILIPPINES.
Former May Succeed Wood in Case Letter Goes to China.—The Sherman Takes Four Thousand Tons of Military Supplies—British Gunboats Dispatched to Canton.
[BY THE ASSOCIATED PRESS.—P.M.]
SAN FRANCISCO, Feb. 15.—The U. S. army transport Sherman sailed today for Honolulu, Guam and the Philippines with 100 cabin passengers, a few troops and 4000 tons of military supplies.
Among the passengers were Maj. Gen. Brooke and Weston, the latter going to Manila under sealed orders. In army circles it is surmised that he may succeed Gen. Leonard Wood in the Department of the Philippines.
Col. William S. Patton, who for some time has been quartermaster of the Department of California, also sailed on the Sherman to assume a similar position in the Department of the Philippines.
The officers of the Doric bring news of the dispatch of two British gunboats to Canton, just before their departure from the Orient. The vessels were the gunboats Moorhen and Sandpiper, which were lying at Samahul and steamed up to Canton under secret orders.
Just before the Doric left Shanghai, it was reported that there had been an uprising in the Sunning district, near Canton, and that the magistrate and many people had been killed. It was stated that rebels had gathered in force and were marching on Sunning city. The inhabitants of the district were fleeing to Macao.
In Canton the boycott is most rigid. The messages from San Francisco Chinese merchants, urging a continuance of the boycott, are pasted on the walls. In addition to the anti-foreign agitation in Canton, there is also an anti-dynastic movement. The officers of the Doric learned that in Canton, Hunan, draves were being drilled with a view to taking part in an uprising against the present dynasty.
USERS GUN AGAINST GOULD.
WESTERN PACIFIC WOOD STOPS.
[BY THE ASSOCIATED PRESS.—P.M.]
OAKLAND, Feb. 15.—Armed with a shotgun, which he declared he would use against the first man who set foot on his property, Charles Derby of East Oakland has stopped the operations of the E. B. and A. L. Stone Company, which is building the local division of the line of the Western Pacific Company.
Western Pacific Company met the opposition by filing a suit against Mary E. Derby and the Derby Estate company, to compel a right of way along East Twelfth street, beginning at Twenty-eighth avenue.
FEELING MOR INTENSE.
ARIZONA WIRE TO FORAKER.
[BY THE ASSOCIATED PRESS.—P.M.]
PHOENIX (Ariz.) Feb. 15.—(Exclusive Dispatch.) The Phoenix City Council tonight authorized sending the following telegram to Senator Foraker at Washington:
"The feeling against joint Statehood is more intense and universal than ever. We thank you for your efforts to secure a square deal for Arizona, and hope that your amendment may prevail. Alasworth and McCord are wily representatives of the joint opinion on jointure."
[Signed]
"ACTING MAYOR F. B. MOSS."
HILL'S EYES ON HONOLULU.
STEAMSHIP SERVICE RUMORED.
[BY THE ASSOCIATED PRESS.—P.M.]
SAN FRANCISCO, Feb. 15.—A persistent rumor was abroad in railroad circles today to the effect that James J. Hill of the Great Northern has it in mind to place a line of steamers in service very short, by between this port and Honolulu, entering into competition with the Pacific Mail and the Oceanic Steamship companies.
At the local offices of the Great Northern Company it was stated that while such a move might be under contemplation, no knowledge of it was had here, and the local office seems to doubt rather than to credit the report.

MONO WOULD BREAK AWAY.
People of the County Agitating for Annexation to Nevada. Which is Willing.
[BY DIRECT WIRE TO THE TIMES.]
RENO, Feb. 15.—(Exclusive Dispatch.) Mono county, whose eastern border is the western border of Nevada, seeks to gain admission into the State of Nevada. Agitation has already begun in that county, as well as the adjoining counties of Inyo and Alpine, and the Bodie Miner is spokesman of the movement.
The reason assigned for the desired secession is that these counties are naturally all, in interests and history, a part of Nevada. SLOPE BRIEFS.
Japanese Naval Officers Arrive.
SAN FRANCISCO, Feb. 15.—Lieutenant-Commander H. Kanada, Lieutenant-Commander K. Abo and Capt. K. Tochanai of the Japanese Navy have arrived here on their way to England. Capt. Tochanai is to be naval attaché to the Japanese Embassy in London, and the others will study British naval methods. Capt. Schimmaroff, who commanded a Russian transport during the recent war, is also here, en route to St. Petersburg, on sick leave.
Brokawa Acquitted, Then Arrested.
SPOKANE (Wash.) Feb. 15.—G. L. Brokawa, who was brought back from Honolulu, charged with conspiracy to defraud the government by fraudulent timber locations, was acquitted today by a jury in the United States Court. F. M. Barrett and F. W. Boone are already under sentence for their part in the alleged conspiracy. Before Brokawa left the courtroom he was arrested, charged with obtaining \$2000 by false pretenses from J. H. Masto, one of the timber speculators.
Send Contributions to Horace Davis.
SAN FRANCISCO, Feb. 15.—Judge Morrow, president of the California branch of the American National Red Cross, has made an announcement stating that, in accordance with the appeal of President Roosevelt of February 12, for aid for the Chinese in Northern Japan by reason of the famine existing there, the public is informed that the California branch of the American National Red Cross will receive contributions for such sufferers and intend to the prompt transmission thereof. All contributions of money may be sent to Horace Davis, treasurer of the State branch of the society, whose office is in this city.
To Start Pacific Slope Winona.
SANTA CRUZ, Feb. 15.—The Mount Herman Association, an organization formed by leading California Presbyterians for starting a Pacific Winona, or summer resort and school, has concluded arrangements for purchasing the Tuxedo Hotel and 360 acres in the Santa Cruz mountains for that purpose. The intention is to make this resort the mecca of all the evangelical Protestant churches of the Coast.
HURLING BOMBS FAR AND WIDE.
TERRORIST ACTIVITY IN RUSSIA IS WIDESPREAD.
Weekly Summary of Violence Steadily Lengthening. Reliable and Revolutionary Activity of Police and Revolutionists—Number of Political Crimes Committed by Boys.
[BY THE ASSOCIATED PRESS.—P.M.]
ST. PETERSBURG, Feb. 15.—The official messenger today prints the usual weekly summary of violent political crimes and seizures of bombs, explosives and weapons, killing over two columns. The record consists mainly of a long enumeration of cities where the terrorists have been active. They occupy St. Petersburg, Moscow, Odessa, Kiev, Nizhni, Novgorod, Vilna, Warsaw, Samara, Kuisk, Sebastopol, Kazan, Tiflis, Riga and other principal cities where officials have been killed, patrols fired on, bombs, weapons and dynamite seized or postoffices, banks or other state institutions attacked. A number of the crimes were committed by mere boys.
Today's dispatches tell of a grammar school teacher at Kharkoff, and the arrest at Berchegg of a fifteen-year-old lad having three loaded bombs in his possession.
The steady lengthening of the summary each week is a reliable index of the increased activity both of the police and of the terrorists.
As a counter-blast, the radical or government print a regular chronicle of the government's repressive acts, claiming that there never before, even under the late Interior Minister Von Plehve, has there been such a mass of arrests and banishments by administrative order.
There is evidence that bombs exploded which occurred at Vilna, February 12, was part of a general plot with ramifications throughout the empire, aimed at preventing the participation of the moderate parties in the elections.
The chief of the secret police here has sent orders to the gendarmes of all the cities to do everything possible to guard against similar attempts. The czarist, first remaining warship of the Russian Far Eastern fleet, the Russian cruiser Kuznetsov, has arrived at Libau. Practically all the Russian prisoners have left Japan. The last transport will leave Japan February 20.
SPECIAL AGENTS' "HAIR-RAISING."
INVESTIGATION OF "PENNSY" ONLY RELATIONS ENDED.
Data is Taken to Washington, With Prospects That Indictments Will be Founded Upon It, if Incriminating. Railroad Officials at Pittsburgh Are Visibly Perturbed.
[BY DIRECT WIRE TO THE TIMES.]
PITTSBURGH (Pa.) Feb. 15.—(Exclusive Dispatch.) The special agents here by the president to investigate the relations of the Pennsylvania Railroad and the Pittsburgh and Lake Erie to the Standard Oil Company completed their investigations today. Special Agent Herbert D. Brown, who has been probing the Pennsylvania, left for Washington, tonight, where he will present to Commissioner Garfield the data he has obtained from his inspection of the records and books of the Pennsylvania road and the Standard Oil Union fast freight line, which is maintained by the Pennsylvania.
It is learned authoritatively tonight that if the evidence obtained by Agent Brown on the matter of rebates given on oil is deemed incriminating, indictments will follow. Action by the government will be taken as soon as Commissioner Garfield can turn his attention from the prosecution of the beef trust.
It is also stated, tonight, on excellent authority, that the records of the Star Union freight line, on which the largest shipments of oil are made, have been found the most profitable source of information of any yet ventilated by the special agents in the East.
The railroad officials, while putting on a bold front and asserting that nothing criminal can have been found in their records, are visibly perturbed, but claim they are as much in the dark as outsiders concerning what Agents Brown and Frank J. Pool may have found. The latter has completed his investigation of the books and records of the Pittsburgh and Lake Erie. Yesterday, a report consisting of an official of the latter road, stated that Pool had informed them he had found nothing incriminating in their records. It is officially denied, tonight, that Pool made any such statement.

ROOSEVELT WEDDING.
(Continued from First Page.)
gold necklace, the alternate links set with diamonds, with a pendant of an aquamarine, wonderfully translucent, surrounded by diamonds. The aquamarine alone is said to be valued at over \$1500, aside from the setting. Accompanying this present was a card inscribed as follows:
"With love and best wishes to Mr. Alice, from the members of the Oak party."
The present of the Empress of China has not yet reached Washington, and it is evident that it cannot be received before the wedding.
NO WEDDING REHEARSAL.
It was expected that this evening there would be a rehearsal of the wedding but it did not take place. Mr. Longworth stated early tonight that there would be no rehearsal during the evening but beyond that vouchsafed nothing as to any rehearsal plans.
IN SPEAKER'S CHAIR.
In the Speaker's chair, with gavel in hand, Mr. Longworth today took refuge from the insistent demand of visitors who desire his autograph on cards of admission to the House galleries. "Uncle Joe" Cannon is a warm friend of Mr. Longworth and came to his rescue and called him to the chair as Chairman of the Committee of the Whole. Nothing much happened while Mr. Longworth was in the chair. He spent most of the time watching for trouble on the floor, and looked unconcerned to the fact that he was the main object of interest to all visitors in the gallery.
After being relieved from duty in the Speaker's chair, Longworth made application for a standing pair to last until March 4. This means that he expects to keep by that time. Among other things which he did today he presented a petition from members of the faculty of the University of Cincinnati for removal of the tariff on their objects.
ANOTHER WIFE HAPPY.
[BY DIRECT WIRE TO THE TIMES.]
DARLINGTON (Pa.) Feb. 15.—(Exclusive Dispatch.) Miss Roosevelt has made one woman in Pennsylvania supremely happy and the envy of all her acquaintances. She is Mrs. A. J. Linn of this city. Miss Linn's birthday falls on the same date as Miss Alice's wedding. He jokingly suggested to his wife that she write and apprise Miss Roosevelt of this fact. Mrs. Linn took the suggestion seriously. She said nothing to her husband, but wrote a pleasant little note to Miss Alice, congratulating her on getting such a fine man as Mr. Longworth for a husband and closing her letter with the statement that she had a pretty good husband herself, whose birthday would fall on the date of the White House wedding.
Today Mrs. Linn received from Miss Roosevelt the latter's card, on which the bride-to-be had inscribed "Many thanks for your good wishes."
USED AS FUNERAL CAR.
[BY DIRECT WIRE TO THE TIMES.]
INDIANAPOLIS (Ind.) Feb. 15.—(Exclusive Dispatch.) At 4 o'clock this evening, a report was circulated on the street that the palace car "Republic" in which Congressman Longworth and the President's daughter, it was said, will start for Washington, their honeymoon trip, was at the Union station, and in a few minutes several hundred persons were on the scene. Among them were many persons with cameras and a few photographers, who entered the car and took pictures of the interior.
The car had brought to this city the remains of Mrs. Helen Egan Blair, who died of cancer at Washington Tuesday. At 6 o'clock, the car was attached to the Pennsylvania train for Washington, and started on the return trip.
DIGNITY IN OHIO.
[BY THE ASSOCIATED PRESS.—P.M.]
COLUMBUS (O.) Feb. 15.—The joint resolution adopted by the House yesterday congratulating Nicholas Longworth and Miss Alice Roosevelt on their approaching marriage, was the subject of a controversy in the Senate this afternoon. Senator Ward of Cleveland declared the resolution was undignified, and that too much publicity had already been given to the coming nuptials. A motion to suspend the rules and vote on the resolution at once was defeated by a vote of 15 to 16, and the resolution went over until tomorrow under the rules.
CUBA'S PEARL NECKLACE.
[BY THE ASSOCIATED PRESS.—P.M.]
NEW YORK, Feb. 15.—The pearl necklace, valued at \$250, which is to be the gift of the republic of Cuba to Miss Roosevelt, arrived here today on board the steamer Majestic, having been shipped from Paris by the Cuban Minister at that capital and on to the Cuban legation in Washington.
MARRIAGE AND DIVORCE.
Inter-Church Conference Issues Address Anent the Convention of Commissioners.
[BY DIRECT WIRE TO THE TIMES.]
NEW YORK, Feb. 15.—(Exclusive Dispatch.) At the inter-church conference on "Marriage and Divorce," held a few weeks ago in this city, a third address and appeal to the public was authorized, and this was issued today. It comes on the eve of the meeting of commissioners of forty-two States, to be held in Washington next week, which will discuss the subject for the adoption of uniform divorce laws.
As in previous appeals, the conference points out the sacredness of marriage "as not a contract lightly formed and easily broken, but as an estate of life first among the institutions of God for man and foremost among the sanctities of human life."
In the appeal the conference urges the recognition of the true intent and meaning of the marriage bond: "the union of one man with one woman for life." This, it declares, the clergy sought to teach and out of it to teach and it calls upon Christian men and women to impress deeply upon their own consciences and to teach their children and their children's children until the truth shall pervade society.
WHY IS PAINTING MISSING?
ROME, Feb. 15.—Judicial authority was obtained today for the opening of an inquiry into the disappearance of Giorgione's painting, "Christ Bearing the Cross," from the Loschi Palace at Picenza. The picture is the most precious possession of the family of the Marquis of Loschi.
M'CALL SOMEWHAT BETTER.
LAKEWOOD (N. J.) Feb. 15.—The condition of John A. McCall, former president of the New York Life Insurance Company, remains practically unchanged tonight. If anything, he is somewhat better than he was two days ago.

CITY HOTELS.
HOTEL ALEXANDRIA
NOW OPEN
The Alexandria is completed in every detail. A complete and competent service is established as fully as though the hotel had been running for years.

RED INDIANS AND WOMEN.

Auditors of Senators Who Were Brief Orators.

Mr. Dick Monopolizes Attention With Statehood Bill.

Governor Scores on Registry. Perkins' Court Bill.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Feb. 15.—The Senate today proceeded to the consideration of the Statehood bill, and for an hour and a half listened to a speech by Mr. Dick of Ohio in support of the bill, as reported from the Committee on Territories. The Ohio Senator's speech received careful attention, but the attendance was at no time large. Among the auditors in the gallery were a number of Indians in native costume, also a number of the lady members of the Equal Suffrage Association, who, after their hearing before the Committee on Woman Suffrage, returned to the Senate galleries. Many of them feel an interest in questions involved in the Joint Statehood Bill, and they were present for the purpose of seeing that measures introduced upon its passage through the Senate.

BILLS PASSED.

The Senate took up the calendar, and the following bills were passed: Prohibiting the unlawful wearing of the insignia of the G.A.R. and other similar organizations; establishing light house and fog signals on Cape Richebrooke Island, William Sound, and Cape Spencer, Cook Sound, in Alaska. Promptly at 2 o'clock the Vice President laid the Statehood bill before the Senate, and in accordance with the action of the Senate, making it a measure the unfinished business.

Mr. Dick of Ohio of the Committee on Territories, was recognized as the first speaker, and he read a carefully prepared speech in support of the measure, especially favoring the consolidation of Arizona and New Mexico as one State, and of Oklahoma and Indian Territory as another. He said that everybody recognized that Oklahoma and Indian Territory were not prepared to assume the duties of Statehood.

Mr. Dick devoted special attention to the contention that the act creating Arizona had made provision for the ultimate consolidation of the Territory into a State, contending that this was not a pledge for the preservation of Territorial lands.

Mr. Dick suspended without completing his speech. The Senate at 2:45 p.m. went into executive session, and at 5:15 p.m. adjourned till Monday.

HOUSE PROCEEDINGS.

REGISTRY AND CUSTOMS.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Feb. 15.—For one minute, today, Representative Longworth acted in the capacity of Speaker of the House. He was called to the chair during a roll call, and no duty devolved upon him during the time. He left the Speaker's chair he arranged for a "chair" for two weeks, or until March 4.

GROVER'S REGISTRY BILL.

Mr. Grover of Ohio presented a bill to admit to American register foreign ships wrecked and repaired in this country when the repairs equal 50 per cent. of the value of the ship.

Several members opposed the bill. It would, they said, prevent the building-up of the American merchant marine. By a rising vote, the House agreed to shut off debate upon the measure, and Mr. Grover secured a roll call upon the motion, which was to order the previous question. Mr. Grover's motion prevailed, 122 to 109.

In order to block a move to send the bill back to the committee, Mr. Grover entered a motion to recommend the bill, with the intent of understanding that the motion was defeated when the bill was put on its passage. A roll call was had on this motion. The motion to recommend failed, 121 to 121. A third roll call was then ordered upon the passage of the bill.

Mr. Grover's motion prevailed, the bill being passed by a vote of 129 to 108.

EXPERIMENT STATIONS.

On motion of Mr. Adams of Wisconsin, a bill was called up which provides that after five years the annual appropriation to State and Territorial for the support of agricultural experiment stations shall be \$30,000. This appropriation is for fiscal 1929.

CUSTOMS DISTRICTS BILL.

The opportunity for general debate was embraced by Mr. Payne of New York to make a speech on his bill to consolidate the customs districts, which the House had refused to consider earlier in the day. Effort was made to cut him off, but without avail. There were fifty-one non-paying ports on a list which Mr. Payne read from memory, and by a vote of 173 to 39 was carried. The House, at 1:15 o'clock, adjourned until Monday at noon.

RATE QUESTION UNSETTLED.

NEITHER SIDE FORCES ISSUE.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Feb. 15.—Agreement to vote on a Railroad Rate Bill tomorrow in the Senate Committee on Interstate Commerce is an issue that neither faction on the question of judicial review of orders of the Interstate Commerce Commission seems inclined to force. Neither knows the strength of the other, and unquestionably the Democratic members of the committee are the balance of the power. Neither of the Republican factions have internal statements setting forth their differences, but the Democrats, in an authorized statement from Senator Bailey, have made it clear that "an adequate bill" must be reported, or the minority will have a measure

of its own. In this statement, however, it is admitted that the Democrats are divided on the question of judicial review.

The members of the committee, insisting on an amendment to the House Bill, Senators Ekins, Aldrich, Foraker, Kean and Crane, do not believe the amendment providing for the change in the court features of the bill can be voted upon tomorrow.

Sensors Dooliver and Clapp, the champions of the House bill, its present form, are not disposed to insist upon a vote. They desire to have Senator Cullom paired against the amendment, but the conservative faction will not permit this. If the vote is postponed, as seems likely, Senator Cullom may return to Washington before a vote is taken. Dooliver reports are circulating concerning his position, the conservatives admitting the claim that he is against an amendment that would suspend an order of the commission pending a review by the courts, but insisting that he is not opposed to a more moderate amendment.

The positions will be outlined clearly tomorrow, even though a vote is not obtained.

NO AGREEMENT REACHED.

Late tonight it is stated that so far no agreement has been reached on any amendment, despite the fact that numerous conferences have been held during the day between the President, members of the Cabinet, and Senators, to prepare a compromise draft.

Sensors Aldrich, Senator Allison and Secretary Taft conferred with the President, today, concerning the alleged necessity of an amendment providing for judicial review. The Secretary of the Senate, in declaring that such an amendment is required to make the bill constitutional, said that he did not agree to this. It is said that the President announced today that he would like to see the amendment proposed and submit it to the Senate.

General before he endorses any proposition to amend the House bill.

MR. BAILEY EXPLAINS.

Senator Bailey, who is the minority floor leader in the absence of Senator Gorman, today explained the attitude of Democratic Senators. He said that if a bill is presented by the Republicans which in its provisions contains, in his opinion, inadequate measures to meet the demands of the situation, the Democrats, both in the Senate and in the committee, will not support it. In the event of a division of the Republicans, Democrats will support the bill presented by the action committee, which comes nearest to meeting the demands of the minority. He said that if no adequate bill comes from the Republican sources, then the Democrats will present a bill of their own.

The same authority, it was learned that in any bill presented, all the Democrats will unite in supporting a provision that express companies shall be placed under the Interstate Commerce Commission. Most of the Democrats will insist that Pullman cars also shall be included.

PERKINS' TWO BILLS.

COURTS AND STORE DEPOTS.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Feb. 15.—[Exclusive Dispatch.] Senator Perkins today introduced a bill providing for the holding of one term each of the District and Circuit courts for the northern districts of California at Berkeley, beginning the third Monday in July and continuing as long as business warms. It is provided that Humboldt county shall furnish a suitable place for holding court until the government makes provision for it.

Senator Perkins introduced a bill establishing at Fort Meade, San Francisco, a general depot for quartermaster's stores, to have accommodation for five hundred men, and to have a storehouse for the storage of supplies, and the limit of cost of the establishment is fixed at \$1,500,000. The bill is in line with the report of the quartermaster's department, giving a detailed list of improvements and their estimated cost.

CONTESTED VALUATIONS.

OPEN HEARINGS REJECTED.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Feb. 15.—An important conference was held at the White House, this afternoon, at which it was decided that there should be no open hearings before the Board of General Appraisers. In view of the fact that the new maximum and minimum German tariff goes into effect on the first of March and of the wish of the German government that the hearings in contested valuation cases should be open, the conference assumed international importance. Among those present at the conference, besides the President, were Secretary Root, Secretary Shaw, Assistant Secretary of the Treasury Reynolds, President Devries and Messrs. Fisher, White and Shorretta, members of the Board of General Appraisers; Mr. Barnhart of Marshall Field & Company of Chicago, J. E. Camp, counsel of the Board of Appraisers, and H. Downing, William W. Smith and W. E. Meade of the Merchants' Association of New York.

The question of open hearings was considered in all of its phases. It was developed that on the part of many great importing interests, including large concerns in Chicago and New York, that there was no demand for open hearings. Barnhart said that the enforcement of the customs laws and regulations was the least of the trouble of his company, and that it had no more difficulty about such enforcement than it had with the enforcement of the law against motor.

SECRETARY SHAW'S POINTERS.

It was pointed out by Secretary Shaw that the demand for open hearings came from import bankers in New York and to some extent from German merchants who are exporters to this country. He explained that under the law and treasury regulations, the importer was protected absolutely, as he had a right of appeal to the various courts, clear up to the Supreme Court of the United States.

It was really that there should be no open hearings, and that the Board of General Appraisers should continue to handle contested valuation cases, as heretofore.

Although the decision against open hearings is final, there were other suggestions held in mind by some of the more stringent regulations of the customs service which commended themselves strongly to the President and Secretary Root, and which have been submitted through Baron Speck von Sternburg, Ambassador of the German government.

At the conclusion of the conference at the White House, Secretary Root returned to the State Department, where he held an hour's conference with Baron Sternburg. At this conference, the Ambassador was informed that although it has been found impracticable to upset the present system of appraising or to permit the introduction of testimony and cross-examination at the hearings, the Washington government was prepared to instruct its agents in Germany to cooperate in every way with the German Boards of Trade and other similar organizations, as well as with leading German merchants, in the effort to secure accurate information regarding the value of the exports to America.

Baron Speck von Sternburg sent a long report of the conference to his

government tonight, and it is expected an answer will be forthcoming within the next few days.

ALASKA'S RAILWAY SYSTEM.

FEDERAL ASSISTANCE ASKED.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Feb. 15.—The hearing upon the Lovings bill to provide Federal guarantee of the interest upon the bonds of Alaskan railways was continued today, by the House Committee on Territories. C. Frost of Chicago and John Ballaine of Seattle, both of whom are interested in the Alaskan Central Railway, and A. C. Benson of New York, who is interested in the Council City and Solomon River Railway, appeared before the committee and urged the necessity for government aid for railways.

All of these speakers devoted much time to reviewing the resources of Alaska, and urged that the development of the territory will be of a permanent nature. They said the extension of the Territory's railway system will be practically impossible if the government does not lend assistance by guaranteeing bonds.

IN HONOR OF ROOT.

BRAZILIANS GIVE DINNER.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Feb. 15.—Brazilian Ambassador and Mme. Nabuco tonight gave a dinner in honor of Secretary Root and invited as their guests all the members of the Senate and the House of Representatives, and the members of the cabinet who will take part in the Pan-American Congress in Rio Janeiro next spring, which Secretary Root will attend. The tables were placed in the dining hall of the White House, and the guests were seated at long tables.

The matter was talked about on the train, and when it reached here an immense crowd of people was waiting to greet the train, which was merely a station. The agent replied that a man's body had been found in the river at St. Louis, and that the man was dead.

Yardmaster Bennett immediately secured a switch engine and went to the scene of the crime, where he found a man's body in the river. One was written on the back of a receipt and read: "If I am found dead it is not by my own hand. A tough gang has me in bad—F. R. Avery."

Another note was scribbled on the inside of a sealed envelope addressed to J. B. Bartholomew, Florida. There was no paper enclosed, the words "written on the inside of the envelope" were written on the inside of the envelope and read:

A sudden attack of a mania to commit suicide is the theory formed here to explain the death of Avery. Insanity has been hereditary in the family for generations and the dead man committed suicide under the influence of a mania.

An investigation of Avery's accounts with the Avery Manufacturing Company, of which he was secretary-treasurer, has shown them to be in perfect order.

RAPID NEGRO BISHOP.

M. M. Turner Declares the Flag Dirty and Contemptible, and Hell Suits Him.

(BY THE ASSOCIATED PRESS—P.M.)

MAON (Ga.), Feb. 15.—In an address before the 50 delegates attending the convention of negroes today, to discuss racial problems, Bishop M. M. Turner declared the American flag to be a dirty and contemptible rag. He further said that he was an improvement on the United States, as far as the negro was concerned.

In conclusion he said: "If a little ignorant and stupid white man, who never heard of me and never heard of the resurrection trumpet wishes a little publicity, he begins to believe in me. And I challenge any one and all of them to meet in public discussion, and I will show them that the negro is a far better man than they are."

LAWSON'S NEWEST BLUFF.

Standard Oil Interests at Boston So Designate Proposed Suit Against Butts Transfer.

(BY DIRECT WIRE TO THE TIMES.)

BOSTON, Feb. 15.—[Exclusive Dispatch.] Thomas W. Lawson, who announced this morning that he would start suit to prevent the transfer of Butts mining properties to a new corporation, now being formed, is charged with trying a big game of "shakedown" similar to that which he operated in the Massachusetts gas deal a few years ago. Lawson's development that he is a national power who must be reckoned with, and he intends that

OPPOSITION TO BENJAMIN.

FIFTEEN VOTES EACH WAY.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Feb. 15.—The nomination of David F. Benjamin to be United States Marshal of Arizona was contested in executive session of the Senate today, a standing vote developing that among those present fifteen were for him and the same number against him. There not being a quorum present, the Senate adjourned, and other pending nominations were not acted upon.

WASHINGTON BRIEFS.

Fish Eggs for Foreigners.

WASHINGTON, Feb. 15.—[Exclusive Dispatch.] Secretary Metcalf today asked Congress for authority to give foreign governments fish and fish eggs upon request. The practice has always been in vogue, but Secretary Metcalf says it is the custom of government property, and he wants formal permission. He says it will greatly assist the fish business in transplanting foreign fish to American waters.

Forest Supervisor Promoted.

WASHINGTON, Feb. 15.—[Exclusive Dispatch.] J. B. Bell, Supervisor of San Jacinto and Trabuco Canon forest reserves, in California, has been promoted to \$1800 per annum.

California's Rate Complaint.

WASHINGTON, Feb. 15.—[Exclusive Dispatch.] Speaker Cannon today presented to the House the protest of A. R. Coulson of Petaluma against freight rates. Coulson cites a rate he paid of \$1.25 per 100 pounds for wheat, and says the same rate he paid, goes to Washington and Oregon for cents per hundred. The protest says this is an injustice which will put 20,000 poultry raisers in the State out of business, if continued.

Subsidiary Silver Coins.

WASHINGTON, Feb. 15.—The House Committee on Coinage, Weights and Measures has reported favorably a bill to have "dollars, abraded and uncurrent" silver dollars coined into subsidiary silver coins. The committee also made a favorable report on a bill increasing from \$50,000 to \$200,000, the fund for the coinage of silver dollars, and authorizing him to have them coined at all mints. Formerly the coinage was confined to the Philadelphia mint.

Delegates from Territories.

WASHINGTON, Feb. 15.—The House Committee on Territories, today made a favorable report upon the Nelson Alaskan Delegate Bill, with slight amendments. The bill gives a delegate to the Senate, and gives a delegate who is to be elected and have powers practically the same as the delegates from Arizona, New Mexico and other organized Territories.

COLLINS JURY COMPLETED.

SAN FRANCISCO, Feb. 15.—The work of impeaching a jury to try Attorney George D. Collins on the second charge of perjury, which was commenced today and the trial will proceed tomorrow.

HELD HIS HEAD IN ICY WATER.

ILLINOIS MANUFACTURER HAD SUICIDE MANIA.

While Passenger on Train, He Escapes His Guard, Walks to Pond, Breaks Ice With Feet and Throws Himself In—Left Note Confirmatory of Theory of Insanity in Family.

(BY THE ASSOCIATED PRESS—P.M.)

EAST ST. LOUIS (Ill.), Feb. 15.—With the greatest deliberation, F. R. Avery, treasurer of the Avery Manufacturing Company of Peoria, Ill., today committed suicide by breaking the ice on a small pond near Centerville, Ill., south of here, and holding his head under the water while he lay on the shore.

Avery had last night tried to commit suicide in a hotel at Cairo, but had been prevented and a guard had been placed over him. During the night he escaped from the guard. Search for him was in vain.

Today a passenger train that stopped at Centerville saw a man leave the train, walk toward a little pond and lean down near the edge, after having broken the ice with his foot. It was presumed he intended washing his hands, as he was stepping down when the train pulled out.

The matter was talked about on the train, and when it reached here an immense crowd of people was waiting to greet the train, which was merely a station. The agent replied that a man's body had been found in the river at St. Louis, and that the man was dead.

Yardmaster Bennett immediately secured a switch engine and went to the scene of the crime, where he found a man's body in the river. One was written on the back of a receipt and read: "If I am found dead it is not by my own hand. A tough gang has me in bad—F. R. Avery."

Another note was scribbled on the inside of a sealed envelope addressed to J. B. Bartholomew, Florida. There was no paper enclosed, the words "written on the inside of the envelope" were written on the inside of the envelope and read:

A sudden attack of a mania to commit suicide is the theory formed here to explain the death of Avery. Insanity has been hereditary in the family for generations and the dead man committed suicide under the influence of a mania.

An investigation of Avery's accounts with the Avery Manufacturing Company, of which he was secretary-treasurer, has shown them to be in perfect order.

Of course the earlier you come the better you'll fare.

LEAGUE MEETINGS ENDED.
NEW YORK, Feb. 15.—Both the American League and National League baseball clubs completed the business of their spring meetings today. The National League season will open both in the East and the West April 12. The season will close in the East October 6. In the West, the season will close the day following.

The National League constitution was amended in the matter of the waiver of players by clubs. Hereafter, any player held by a club has to be cleared off the list within ten days after the beginning of the season. The players that are retained within the season may be held for thirty days. The purpose of the change is to prevent clubs from getting waivers on men and holding them indefinitely. A rule was passed defining the hunt.

Sonoma county was visited by a heavy rain, and indications are that the storm will continue. Growing crops are looking well.

Ruddy Goes Out of Business

Sale of the Luddy Shoe Stock Goes On Another Week

Owing to weather conditions this week, we have decided to continue this sale for another week. Luddy had an immense stock, so, despite rapid selling, there are many pairs of fine shoes to be disposed of before our own new stock can be put on the shelves. We want the room, not the shoes. So if you're going to need footwear within the next six months it will pay you handsomely to buy now. Come in today or tomorrow.

Special Reduction For Friday and Saturday

We had cut prices another notch for the last of the week. Continuance of the sale makes no difference. Our extra reductions will stand. Come to the store. See the windows. Good shoes were never sold for so little in Los Angeles before. Values have been forgotten in our desire to get rid of these Luddy shoes quickly.

Hale and Hearty at 104
Received on 90th Birthday

Johann Arnold of Reading, Pa., and Mrs. Phebe Pratt of Chelsea, Mass., say their sturdy old age is due to the regular use of Duffy's Pure Malt Whiskey.

It Makes the Old Young and the Young Strong.

PICTURE FRAMING

DUFFY'S PURE MALT WHISKEY

There are 4,000 men and women in this country alone who have passed the hundred year mark and nearly every one of them publicly acknowledged that he or she owes health, strength, continued use of all the faculties, and extreme old age to Duffy's Pure Malt Whiskey, the great cure and preventive of disease, the true elixir of life. We will send you free a booklet containing portraits and letters of many of these old people, and valuable medical information.

If you would be strong, husky and vigorous, and able to enjoy the work and pleasures of life to the fullest; if you would live to ripe old age without aches and pains, take Duffy's Pure Malt Whiskey as directed and avoid all drugs. Doctors say it's the most powerful aid they have in fighting and curing diseases of throat, lungs and stomach, low fevers and all wasting, weakening, run-down, diseased conditions from whatever cause. It acts quickly and

AVOID SUBSTITUTES.
Be sure you get the genuine Duffy's pure Malt Whiskey, and in sealed bottles only—never in bulk—by all reliable family remedies of hundreds of thousands for over 50 years. Its purity is vouched for by chemists, and by the fact that it's the only whiskey recognized by the government as a medicine.

Every testimonial is published in good faith and guaranteed.

Duffy Malt Whiskey Co., Rochester, N.Y.

FAVORS FOR ALASKANS?

Our Congress is Taking a Friendly Attitude.

Already Has Agreed to Give Them a Delegate.

And Now for Good Roads and a School System.

Congress is displaying an unusually favorable attitude toward Alaska, says a dispatch to the Boston Transcript. The Senate Committee has been occupied for more than a month with the affairs of the Territory, and it has mapped out a comprehensive legislative programme. The Senate has already accepted its recommendation that the Territory shall be represented in Congress by a delegate. The bill will pass through without objection. As the House has passed a delegate bill several times within the last seven years, the first whether or not the measure will pass will not fall there this time. Alaska is at last to have a delegate.

He will be elected by direct vote. The committee considered carefully the question whether or not the delegate should be popular vote or be appointed. In the end, it was the judgment of the Senators that it would do the people of Alaska good to let them vote. So the first election will be held in the fall. The first to be installed in the Territory. This is to be under the control of the judges and commissioners. If the bill passes, August's first election will be held in August.

In providing that the Territory shall be represented in Congress by a delegate, Congress is carrying out one of the recommendations of the President. It is understood that the bill will succeed. It will hardly be possible to perfect the machinery so soon, and remote parts of the Territory may not learn that a delegate is to be sent until some time after the deed is done. But the Senators, who have taken interest in the affairs of the Territory, are working within a reasonable time election machinery can be perfected throughout the Territory. The people of the Territory, as the people will become closely attached to the United States.

It is understood here that William T. Perkins of Nome will be the first delegate to Congress. He is a lawyer who has been prominently identified with Alaska affairs for many years. It is conceded that Southeast Alaska will control the election. It is better decided that the Territory will hold the first election, at all events, will be in position to pick the delegate. It is understood that the people will have more or less political friction between the southeast section of the Territory and the rest of the Territory. The two sections have little in common, and great rivalry between the two as the Territory develops is to be expected.

It is understood that the road work from the Territory is only incidental to the plans for assisting in the industrial development of the Territory. President Roosevelt has been reminding Congress regularly that above all else Alaska needs a road system. The road system for a public school system. The advice has been that roads should be built first. There are not at this time many children in the Territory. The road work started the good roads legislation last winter and purposes to perfect it now. The road work is to be financed by money raised by taxes levied on business in the Territory was all paid into the United States Treasury. The money derived from this source was not large, but in the course of years it aggregated considerable sums. The road work is justly averring that the United States was making money out of the Territory and that it is time to return it.

By the act of last winter the act provided that this tax money should in the future be turned back to the Territory and be used for road work. Since the adjournment of the last Congress a board of road commissioners, consisting of three officers of the Territory, has been working on the work. These commissioners report to Congress that the legislation of last winter has been a success. The money for the building of roads.

The Senate Committee is satisfied that additional encouragement is needed in the Territory. The committee has favorably a bill allowing \$100,000 a year additional for road building. This money will be raised by the Territory, the advice of Secretary Taft, to the three army officers who constitute the Commission report. In a letter to the Secretary of the Territory, the Committee on Territories, Secretary Taft said:

"The question of transportation in Alaska is one of the most important ones connected with the development of Alaska." The Secretary said that the road work is the most adverse circumstances \$100,000 of gold last year. It is proposed that the principal part of the money be used for the building of roads. The money shall be used this coming summer in completing or putting in good passable condition for both winter and summer travel. The road work is to be for Fairbanks. The Secretary says that this road, while not intended for wagon travel, will be a good road. It has been an ordinary trail, wide enough for a horse at all crossings, and for two-horse sleighs, and suitable for packing or driving stock in the summer.

Secretary Taft further writes that from the report of the road commissioners it appears that the Territory needed improvement at the present time embraces about 300 miles of road and about 100 miles of trail. The construction, which distributes the trail, commensurate territory of 600,000 square miles, "cannot but impress one as the most important of the Territory." It appears from the figures furnished Secretary Taft by the General Land Office that the total receipts of the United States from Alaska from the time of its purchase up to the time the road law of last year went into effect were \$1,181,941. The Secretary said that the figures, says: "The setting apart by special appropriation of \$1,000,000 for the road work is a very small sum, suggested and, considering these figures, such an act would not appear to be more than simple justice to the district in view of its great need."

WILL PRAY FOR REFORM.

PITTSBURGH (Pa.) Feb. 18.—(Exclusive Associated Press.)—Prayer will be put to a crucial test in Allegheny today, Tuesday. Twelve hundred leading women of that city, in mass meeting today, agreed to pray all election day for the success of Mayor Logan, the reform candidate for Mayor. The women are serving coffee and sandwiches in the booths will relieve the supplicants in the homes and churches.

to be more than simple justice to the district, in view of its great need."

SPRING AND SUMMER HATS NOW ON SALE

as of battle. Chancellorsville, with its eleven thousand Union dead, encouraged Confederate hopes, and darkened the northern sky with portents of disaster. Before Gettysburg was fought the rebels expected to occupy Philadelphia, to capture Washington, and to turn the winning current of the war through northern cities and fields. But the fierce and stubborn resistance of Lee sent the army of Lee shattered and beaten back into Virginia. Then Banks captured Fort Hudson, Pemberton abandoned Vicksburg, and the Mississippi once more flowed to the sea unfretted by rebel keels, and with its ranks unlit by rebel fires.

The era of our Civil War was preeminently one of sacrifice, which no king nor church commanded or extorted. It was decreed by the people themselves. After three and one-half years of the most gigantic war known in history the people of nineteen States met of twenty-two voted to continue the contest. "The American people," said Henry Winter Davis, "rising to the height of the occasion, dedicate this generation to the sword, and pouring out the blood of their children demand that there be no compromise; that ruin the republic or ruin the Confederacy."

There are only the alternatives, and the alternatives are not good. I would say nothing on this occasion except to say that I am not in any offensive sense, yet how can one glorify Pericles and not speak of the Spartans? I am not speaking of Caesar and brilliant conquests, the achievements of his legend, the heroes of the present, the and the hooding mob of yesterday in gathering up their sashes for History's golden urn."

ness and dashed the original
ness into nothingness at its active and
solute fate. It was an idea which
arded tradition in its strongholds,
which defied capital in its entrench-
ments, and which dared to make ag-
gressive war upon vested and guarded
justice. It was an idea which vic-
tious armies placed upon their bayo-
net points, and carried forward to a
lander fruition than ever prophet
retold or poet dreamed. It was the
of the untrammelled manhood of
all, of the freedom of man, of the
civil and political rights of man.
all we who believed in that idea, and

SALES 10:30, 2:30 and 7:30
W. H. BOSLEY, Auctioneer
312 S. BROADWAY
OPPOSITE VILLE DE PARIS

Doubt us not, Father Abraham! Trust us as you trusted the fathers of our race when defeat and destruction and hurried back our armies to the barren hills of the desert. Trust the men of today even as you trusted these white-haired veterans who generation after generation have welcomed wounds and death in behalf of their country. Trust the youth of today as you trusted the youth of the past, for they are coming millions stronger than they are coming to strike the shackles from the limbs of the slave.

as monopoly from the state to business, and from them and their own power, and

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Letting Them Know.

Yesterday the Chamber of Commerce mailed 3000 pieces of literature descriptive of Southern California to points in the East. The demand for such matter is enormous, and this year has shown no falling off.

Lighthouse Aide.

Capt. McKinstry, Corps of Engineers, U.S.A., in charge of the Twelfth Light-house District, with headquarters in San Francisco, has issued a notice inviting bids for the lease of the light-house ground at Point Sur, Santa Barbara county.

Dr. Hyde Coming.

A complaint was issued yesterday by Assistant Prosecuting Attorney Eddie, charging A. B. McDonald, a druggist at Eighth and Figueroa streets, with violating the state law in allowing an unregistered assistant to sell drugs in his establishment.

Dangerous Mania.

Frank Griffith, a sailor, was arrested on San Pedro street yesterday on charge of insanity. Officer Winn saw Griffith deliberately throw himself across the track of a car on San Pedro street and immediately arrested him. The motorist of the car stopped just in time to save Griffith's life. Griffith said that he liked to die.

Inquest Results.

"Accidental death" was the verdict of the jury in the inquest held yesterday afternoon in Pierce Bros. morgue over the remains of Thomas Christensen, who met death Tuesday night by falling several stories in the Hayward Hotel. The man had finished work and had gone to get his coat when he fell to his death. In an inquest at the Breese morgue, a verdict of death from heart disease was returned in the case of Chester Thwing, who fell dead on Eighth street Wednesday night.

Potato Sellers' Fraud.

Residents on Elden street, Pico Heights, yesterday made complaint that two young fellows claiming to be ranchmen, were "working" that street, selling potatoes by the sack, which, on investigation proved to be decayed, evidently the discarded stock of some produce dealer. Housewives claim that these peddlers are asking \$1.50 per sack of potatoes, while the grocers are asking at \$1.75; but that the fine "spuds" at the top of the sacks are simply a covering for those which are absolutely rotten. Immediately on making a sale the peddlers drive rapidly away to some other section. One trade housewife chased them for a long distance, yesterday, but was finally forced to give up the quest.

BREVITIES.

The San Francisco office of the Los Angeles Times is in room 41, Chronicle building, Telephone Main 372. Subscriptions and advertisements taken. Visitors will find copies of the Times on file, and are welcome to call and read them.

In last Tuesday's ad. of the New Home Sewing Machine Co. it should have stated that they were selling OXO of their new drop-head make for \$25-\$30 down and \$1 per week. R. B. Moorehead, Manager, 548 S. Broadway.

The office of Dr. Granville MacGowan are no longer in the Douglas Block, but at Suite 422, Merchants' Trust building, 357 South Broadway.

is estimated worth \$150,000 to \$200,000, and by the action of the board the power of recovery is limited to the fund.

The receiver of the People's Savings Bank today discovered the deed to the bank building, which had been missing since Rev. George H. Simmons killed himself, recently. While the building was bought with the funds of the bank, the deed was made out to George H. Simmons only, thus revealing an effort to swindle his partner, Rev. L. L. Kelly, who owned a half interest with him. The building had been recorded as the child's asset. Its value being placed at \$40,000.

VITAL RECORD (BIRTHS, DEATHS, MARRIAGES).

Births.
MORSE. At Huntington Beach, February 14, to Mr. and Mrs. R. A. Morse, a son.

CATALINA ISLAND.

GUINEA FOWLS DISAPPEAR.
AVALON, Feb. 15.—The forty-odd
guinea fowls which the Ranning Com-
pany imported with which to stock
the island seem to have harked back
to "the call of the wild" and to have
forsaken civilization entirely. The
birds were liberated near Middle Ranch
nearly six months ago, with the expec-
tation that they would colonize there,
and at least keep in touch with the
barley fields, for food, but such was
not the case, for not a trace of them
has been seen since, except the feathers
of one which was lying when lib-
erated and which fell a victim to the
foxes. That the foxes have destroyed
them all is not credited, for it is the
general opinion that the guinea hen
would frighten the heart out of the
boldest fox the moment she opened her
mouth.

CATALINA CULLINGS.

Mr. and Mrs. Jack Carter, who were
recently married, gave a reception to
a few of their friends at their cozy cot-
tage on Whitley avenue last evening.
J. Poundstone, an ardent angler of
Redlands, who pays frequent visits
to Catalina to enjoy the sport, was
in the house. This morning he had the
satisfaction of seeing J. L. Halstead
and wife pull in a net on one side
of him, and R. W. Brown and E.
Waldo, on the other, take a dozen, yet
his own bait was scorned without a
smell.

O. L. Patterson, a Cripple Creek
miner, with his wife and sister, Mrs.
J. E. Hill of Tacoma, and Mrs. Pine
of Denver have been making the island
a short visit.

De Witt R. Lowe and wife and E.
F. Beattie and wife of Salt Lake are
at Hotel Metropole.

Tennis all week at Coronado.

Properties Advancing in Value and
Larger Crops Being Raised—Christ-
mas Celebrated in American Style,
With Plumed Mules as Feature,
Many Children in Schools.

[BY THE ASSOCIATED PRESS.—A.M.]
AGANA (Guam) January 5.—[Cor-
respondence the Associated Press.]
The business of the island here is in a
more flourishing condition than for
some time past, trade having received
a considerable impetus from the for-
mation of several new concerns and
increased trade.

The island is gradually recovering
from the severe loss sustained in the
typhoon and earthquake of four years
ago. Properties are advancing in val-
ue and larger crops are being raised.

The American schooner Dolores
(Hercro) arrived December 15, from
Shanghai and reported the wreck of
the American schooner North Star.
Capt. Frazier, on the east coast of
the island of Rota, three days before.

In an easterly gale, the Dolores
was struck by a typhoon, and all her
anchors. The naval collier Nanshan
was sent to Rota to render assistance
and upon her return she reported that
the North Star was a total loss, with
all her cargo, save a few cases con-
signed to Guam, Capt. Frazier and
the crew and five passengers for Guam
from the North Star, with the small
portion of the recovered cargo, were
later brought to this place by the
schooner Schomel.

The weather has been extraordi-
narily cool for Guam the past few weeks.
Many deaths have occurred and se-
vere colds have been epidemic.

Christmas was celebrated in as true
American style as the possibilities of
the situation would permit. Great
interest was taken by the natives in
the celebration of the American chil-
dren. A number of entertainments
were provided. A feature was a
Christmas tree float magnificently de-
corated, which was paraded through
the streets of Agana, drawn by six
plumed mules with costumed out-
riders and preceded by a native band
from which Santa Claus distributed
an abundance of good cheer.

A large number of children were
added to the schools at the beginning
of the year. Compulsory education
has been in operation but two years
and the records previous to the Amer-
ican occupation were such as to
cause considerable difficulty in en-
rolling all children of school age—
from seven to fourteen years—up to
the present time. The desire to learn
English and the improvement in the
schools have assisted in the work and
it is believed that within the next
year every child of school age will
be brought within the operation of
the laws.

LETTERS TO THE TIMES.
[The Times freely publishes the views of
correspondents without feeling responsible
for writers' opinions. Its brief, well-
written, and clear, and its style is
sufficient for the expression of an
idea, or the presentation of a fact. Well-
written letters are liable to be declined
on account of their length.]

MUSIC AND LISTENERS.

LOS ANGELES, Feb. 15.—[To the
Editor of the Times:] It has been said
that women are the great listeners, not
only to eloquence, but also to music.
Alas! we have always the exceptions.
Recently the writer was enjoying a
fine programme by the Chaffarelli
band, and a party of women entered
the hall and were seated near by. Af-
ter some rustle of gown and the satis-
factory adjustment of the same, the
small talk began, mingled with light
laughter, mildly suggestive of a pin-
tea function. This particular form of
musical enjoyment (?) continued to the
end of that exquisite "Pauze" prelude,
to the annoyance and disgust of those
who were there to enjoy the music.

Al! the pity of it! Women as a rule
are the offenders for I have noticed
that men will listen in silence, even
when they cannot appreciate the com-
position; rather than talk they will
leave the concert hall.

It is charity to believe that the of-
fense is one of thoughtlessness rather
than a desire to annoy. In the Met-
ropolitan Opera-house in New York
city during the performance of a great
Wagner opera, and during an interval
of stage silence I distinctly heard in
the quiet of the tremendous audi-
ence a small female voice say to a
woman companion: "Yes, we always
cry ours in butter." To some extent
the dear public is reformed, but not
entirely, and it is safe to remember
that a music lover's enjoyment of an
evening's programme may be entirely
spoiled by proximity to careless un-
mannered persons.

Why they attend concerts will al-
ways remain a problem to the pers-
ecuted majority. Speaking of Chaf-
farelli's Italian band one is reminded
of the small patronage that has be-
fallen it since coming to Los Angeles.
For four past months the band has
played to small, but happily, appreci-
ative audiences, with the expectation
that some day the public would waken

Glendale Home Best of All

The best foothill town near Los Angeles, with plenty of good moun-
tain water, good schools, churches, car service, 25 minutes to city,
and no extra charge for telephone service to city.

The Glendale Orange Grove Tract

Within one block of the stores, and a nice part of the town, with
beautiful homes already built across the street from the tract. Large
lots with full bearing orange trees, best of soil and cement walks,
and curb all around the tract. Prices very reasonable. \$850 and
up on easy terms. Tickets furnished free to see tract.

FOR THE LUNGS

An Honest Remedy for Croup
and a Sure Preventative of
Throat and Lung Troubles

If there is any one disorder which
is the particular terror to mothers of
young children, it is the croup. It
usually begins with all the apper-
tances of a common cold. The child
coughs, is restless, has more or less
fever, and if instant relief is not had
the fever increases and breathing
becomes very difficult. Do not wait
until the fatal membrane has formed,
and the dear one is suffocating; act
promptly and all danger will soon
pass. One dose of Dr. Ackers' Eng-
lish Remedy will give the little one
instant relief, and soothe that irritat-
ing of the throat, by acting directly
upon the lungs from whence comes
all the trouble. Do not be deceived
by cough syrups and cough cures.
Your child needs a lung cure, a per-
manent cure, and there is no medicine
on earth like Dr. Ackers' English
Remedy in such cases. You have
our word for it that it does not con-
tain that deadly drug opium. It is
perfectly harmless and is sold by all
druggists on a positive guarantee to
cure or your money back.

Trade Sale of Shoes

This rainy weather necessitates thoroughly comfortable and serviceable footwear. Our Trade Sale prices in some cases are less than the present wholesale cost of shoes, for leather has advanced fully 25 per cent. in the open market in the past several months. These shoes were all purchased prior to the advance. Some are special lines; others odd lots and broken lines.

WOMEN'S \$3.50 TO \$6.00 BOOTS.

In all the wanted leathers; button, lace, blucher or low cut; 7-button college boots; turned and welted soles; plain dress toes; patent or stock tips; low or high heels. The \$5.00 kinds are mostly of patent kid with Louis XV. heels; all sizes in the lot.

\$2.95

Boys' School Shoes—Of all grain calf skin, with Goodyear welted double soles; fit nicely; will stand the very hardest usage of school wear, and are in sizes 3½ to 4½.

\$2.00

Only 16 More Pianos At Reduced Prices

We started this sale we decided that 62 styles—must leave our store. An inventory of business last night shows the total of instruments. There are therefore but 16 bargains remaining. In order to dispose of these price-cuts have been made. Standard's famous makes will now go at 25 per cent. normal prices. Contrary to custom, our plan will apply on all purchases made during this chance! Buy a piano at a quarter below what it is in this sale are "discontinued styles"—that is, dropped from makers' catalogues—necessitating them in order to make room for new models.

as yet to be sold are certain styles of Krantz, Estey, Starr, Richmond and Brinkerhoff.

DAY'S SPECIAL BARGAIN

\$250 Schleicher Piano

new Schleicher piano; cabinet grand 4-5 octaves, ivory keys, full metallic plate, 3 pedals. Fully warranted in every way. U.S. \$275. Special price \$138.

VICTOR TALKING MACHINES

enters to the musical young and old—grave records. \$17.50 to \$108. Month's payments.
